

Medicat Interfaces Overview

Eliminate Paperwork, Reduce Errors & Speed Results

- Medicat has deployed interfaces to a wide range of laboratory, radiology, pharmacy systems and other information systems.
- The interface process involves an in-depth assessment to determine the requirements of the Client and the specific interface to be deployed.
 - Data, the critical component of the interface.
 - Determining special printing needs, such as requisitions.
- A complete test plan, execution of that test plan, and effective communication among all parties are factors critical to success.

Demographic & Financial Information Exchange:

Campus Student Information System
Registrar's Office
Bursar's Office

Reference Labs & Laboratory Information Systems:

| | |
|----------|--------------------------|
| Quest | Orchard |
| LabCorp | Westcliff Labs |
| Spectrum | Mullins Lab |
| Enzo | ACM Medical Lab |
| LabDAQ | Esoterix |
| Schuylab | Univ. of Kentucky Center |

Pharmacies:

ProPharm
QS1
HL7 or NCPDP Pharmacy Information System

Dental: Dentrinx

Insurance:

Academic Health Plans
Aetna Student Insurance (formerly Chickering Insurance)
Highland Campus Health Group
United Healthcare Student Resources
Other Carriers

Radiology Information Systems: Austin Radiology Association

Devices: Welch-Allyn EKG & Vitals spot-check devices

Other Interfaces

CashNET
NCS Scanning
State Immunization Registries
