

Immunization Compliance Manager

BENEFITS:

- ✓ Saves time!
- ✓ Ensures health center compliance
- ✓ Automates immunization tracking
- ✓ Provides patient letter generation and follow-up
- ✓ Communicates with students & campus information system
- ✓ Integrated with Medicat Electronic Medical Records system

“At UNF we have been using Medicat to track our students’ immunization compliance. During a recent audit, it was extremely helpful to have this electronic information at the touch of our fingers. In addition, students appreciate our ability to timely access their immunization records.”
